

### Major questions from investors (May, 2020)

1. Will the company's second quarter results improve from the first quarter? Has the resumption of work resumed accelerated?
2. What are the company's new contracts and revenues in May?
3. Will the company adjust its 2020 full-year target?
4. How does the company view "new infrastructure"? What is the proportion of the company's new infrastructure projects?
5. When does the repurchase of H share start? What is the specific operation plan of repurchase?
6. How do companies view the new policy of REITs? Will the operation of REITs of related assets be realized during the year?
7. What is the overall development of the company's investment projects? How many operating investment projects are there?
8. In view of the great uncertainty of the COVID-19 impact on overseas market, how much will the company's overall overseas projects be affected in 2020? Can it be quantified?
9. How about the assets and liabilities of company? How about the overall leverage?

### Communication Statistics
